FLIER ART

FLIERS, THEYRE NOT JUST FOR BANDS AND LOST DOGS ANYMORE...

The early nintes saw REVS and COST paste NYC. Though, immitated by many, other artists, others have managed to make a name for themselves in the medium: OBEY/GIANT, BAST, AKAYISM, TWIST,

WHEAT PASTE : WET?STICK?WET?RUN

go to hardware store. get wheat paste mix with water, thin for small stuff, thick for larger. many otherpeople mix either white glue powdered sugar, honey mustard or any other stivky substance.

go get copies made of yourself, NOT AT THE ENLARGER AT THE DOWNTOWN KINKOS, it has a camera pointed at it.

apply to any smooth surface that isnt yours
